Private Chat

A booth representative can initiate a chat with an attendee. Likewise, an attendee will be able to initiate a private chat with a booth rep or a fellow attendee. To initiate a private chat:

If an Attendee initiates or receives a private message, it will show up in the **Messages** tab of the chat window. A booth Rep can start a video call with an attendee.

Chat Queue

To Help the recruiters manage multiple attendee chats at the same time, there is a chat queue.

As soon as a Booth Rep initiates a Private Chat or is requested a Private Chat by an attendee or another Booth Rep, the conversation gets added to the Chat Queue.

Depending on how busy the Exhibitor Chat Queue is, you will be assigned a waiting time.

Each Conversation Attendee/Exhibitor conversation will be 8 minutes long. When the Exhibitor is ready to start a conversation with you, you will get an alert from the vFairs Bot. You will also see a countdown timer on the top specifying the time left for the conversation.

The Exhibitor may

- Extend chat duration
- Pause and resume the chat and chat queue
- End a Chat

For any changes in waiting time, queue positions, or extensions, the attendees are notified via the vFairs Bot, and their waiting times are adjusted accordingly.

An Attendee can be in conversation with multiple Reps at the same time.
