Initiated in 2013 by
Dr. Ambareen Siraj
through a National
Science Foundation
grant awarded to
Tennessee Tech University,
WiCyS has become a
nonprofit organization
offering many benefits
for its members.

The WiCyS Conference is an excellent opportunity for companies to connect with female students and professional candidates to recruit them into cybersecurity jobs! More than half the attendees are students seeking opportunities, who have been accepted through the WiCyS scholarship program that sponsorships help to support.
